SUBJ: Notice of Public Hearing (LUP23-023)

PUBLICATION DATE: August 23, 2023

**CITY OF PORT TOWNSEND
NOTICE OF PUBLIC HEARING
Northwest Maritime Center Storm Damage Repair and Protection
FILE NO. LUP23-023**

On **Wednesday, September 6, 2023**, beginning at or about 10:00 a.m., the Port Townsend Hearing Examiner will hold an open-record Public Hearing to consider the above referenced application.

Hearing details: The Hearing will be a hybrid meeting offering both a physical location and a virtual option.

To attend in person: The meeting will be held in Council Chambers on the second floor of City Hall at 540 Water Street, Port Townsend, WA.

To participate Virtually:

- View via computer or tablet at <http://joinwebinar.com> enter the 9-digit Webinar ID 684120019. Members of the public are unmuted at the time for public comment.
- or
- Listen by phone only (muted) United States: +1 (562) 247-8321
Access code: 395-208-055

All interested parties may participate in the Hearing and provide oral or written testimony. For your convenience, the Hearing Examiner's Rules of Procedure may be found on the City's website under "Hearing Examiner" at <https://cityofpt.us/planning-community-development/page/hearing-examiner>

For Persons Wanting to submit written comments only, comments must be received by the Planning and Community Development Department no later than 9am on Wednesday, September 6.

Documents for review: The staff report will be made available electronically via the City Council meeting calendar (www.cityofpt.us) or in the Planning & Community Development Department at 250 Madison Street, Suite 3, Port Townsend. Hours: Monday- Thursday from 9:00 am to 1:00pm.

Project Description: Northwest Maritime Center Storm Damage Repair and Protection - The proposal is to repair storm damage to exposed foundation of the concrete pathway and beach stairs at the plaza and to protect the first and second floor deck supports and main building. Concrete foundations will be repaired. Upper beach sediment will be replaced with cobble-gravel to protect against future scour. Large boulders will be placed strategically, to reduce wave and debris impact to deck and pier supports on the uppermost beach. The project design includes measures to mitigate the potential for adverse impacts. All project actions will occur within the FEMA Special Flood Hazard Area (SFHA).

Applicant: Northwest Maritime Center
