

What to Recycle

Glass

Clean
bottles
and jars
ONLY

Labels OK

NO lids, blue glass, other glass, or dirty containers!

Bins for glass recycling drop off are only at the Transfer Station and Quilcene Dropbox sites.

Plastic and Cans

ONLY bottles & jugs

NO lids

NO other plastics!

*see back page for more info

Metal cans

NO loose lids

NO used plastic bottles for motor oil, antifreeze, weed killer, etc.

Recycling **MUST** BE rinsed thoroughly, empty, and loose in the bins—not bagged!

Corrugated Cardboard

Look for the wavy lines

CLEAN CORRUGATED CARDBOARD

NO food, wax or plastic coating

Curbside service: bundle & tie
For all: flatten

Mixed Paper

Boxes, paper bags, newspaper, magazines, office paper, junk mail

If it's not on this list, we can't recycle it! No "wish cycling" please!

Recycling and Household Hazardous Waste drop-off locations

Kala Point	20 Village Drive. Open at the discretion of the Village Association. NO GLASS RECYCLING BINS.
Port Ludlow Village Center	40 Village Way. Open 24 hours/7 days a week. NO GLASS RECYCLING BINS.
Household Hazardous Waste	Collection events throughout Jefferson County visit www.jeffersoncountysolidwaste.com for event info.

If an item is not on our list, it's not recyclable in Jefferson County!

Separating our recycling ensures it is recyclable and reduces contamination.

Want to make a difference? Try this inverted waste pyramid:

Zero Waste Shopping

*We recycle plastics by TYPE, not by NUMBER

Numbers are outdated and misleading. They were not created to tell whether something is recyclable. They stand for which resin is the primary ingredient in the plastic. Any plastic besides bottles and jugs **contaminates** the load!

- Prescription pill bottles are **NOT** recyclable.
- Empty plastic bottles that contain hazardous materials like motor oil, antifreeze, weed killer, etc. go in the trash.

Compact fluorescent bulbs and tubes

Can be dropped off in the Environmental Center within the Recycling area at the Transfer Station and Quilcene Dropbox sites.

DO NOT put them in glass recycling. Due to their mercury content, **they are hazardous waste!**

Batteries

Lithium, button, and rechargeable batteries can be recycled at Solid Waste facilities and the Public Works office.

These are **FIRE HAZARDS** in the landfill!

Alkaline batteries are considered safe to put in the trash. They are **NOT** recyclable.
