

2020 Pavement Assessment List

Note: This list is an initial preliminary assessment and does not include all Streets to be maintained under the Transportation Benefit District. By reference, all streets maintained by the City are included as eligible projects for the Transportation Benefit District funding. City streets eligible for Transportation Benefit District funding are illustrated on the City's Transportation map available for review at <https://cityofpt.maps.arcgis.com/home/index.html>. Turn on layer "Streets Maintained by the City" to see all streets eligible for funding. Prior to selecting a maintenance treatment for each street segment, the City will evaluate the street for the most cost effective and sustainable maintenance approach including but not limited to patching, rebuilding, overlay, chip seal, drainage improvements, pulverizing and paving, and subgrade treatment.
